**By implementing  
IMPACT TMS, busi-  
nesses can opti-  
mize their shipping  
processes, reduce  
transportation  
costs, and improve  
customer service**

---

## **How IMPACT TMS Will SAVE YOU MONEY**

---

### **Automate Manual Processes**

**IMPACT TMS** will automate many manual processes, such as scheduling, routing, and tracking shipments. Thus reducing the time and labor required to complete these tasks and reduce the risk of errors.

### **Optimize Carrier Selection**

**IMPACT TMS** helps companies optimize their transportation selection process by comparing rates and transit times among their different providers. This enables companies to select the optimal transportation provider based on their specific requirements.

### **Consolidating Shipments**

**IMPACT TMS** helps companies consolidate shipments and optimize routing to reduce freight costs. By analyzing shipping data and identifying opportunities for consolidation, companies save money on transportation costs.

### **Improve Inventory Management**

**IMPACT TMS** provides real-time visibility into inventory levels of in-process shipments and shipment status. This enables companies to better manage inventory levels, reducing the need for excess inventory and the associated carrying costs.

### **Streamline Order Processing**

**IMPACT TMS** automates order processing, reducing the time and labor required to process orders. This leads to faster order fulfillment times and lower processing costs.

### **Provides Analytical Insights**

**IMPACT TMS** provides analytical insights into freight data performance metrics. This enables companies to identify areas for improvement and optimize their transportation operations to generate further savings.
